Hi! My name is Gabby Dang and I'm an aspiring physician assistant student wanting to help advance learning to the next level.

As a way to give back to the community, I would love to provide my services and knowledge for free to those who need a little extra help outside of school.

As a division I student-athlete in the sport of swimming, I understand what it takes to excel in and out of the classroom. I'm also a great resource to those who need guidance during the college recruiting process!

If you have a student who would be interested, please scan the QR code, fill out all the information, and don't be afraid to reach out to my cell! I'm excited to be connecting soon :)
